DETAILED ACTION

Claim Rejections - 35 USC § 103

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. The factual inquiries set forth in *Graham v. John Deere Co.*, 383 U.S. 1, 148 USPQ 459 (1966), that are applied for establishing a background for determining obviousness under 35 U.S.C. 103(a) are summarized as follows:
 1. Determining the scope and contents of the prior art.
 2. Ascertaining the differences between the prior art and the claims at issue.
 3. Resolving the level of ordinary skill in the pertinent art.
 4. Considering objective evidence present in the application indicating obviousness or nonobviousness.
3. Claims 1, 3-10 and 12-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Duchesne et al. US 5,015,693.
4. The rejection set forth in the action mailed 9/30/05 is deemed proper and is herein repeated.
5. Applicants newly amended claims and the remarks filed in support thereof have been fully considered and have been found not persuasive.
6. Applicants have amended the claims to require the vinylidene fluoride content of the fluoropolymer to be at least 85%. Applicants allege that the patent lacks a suggestion to use fluoropolymers having the claimed amount of vinylidene fluoride monomer. This is not persuasive. The Duchesne et al. patent teaches the use of fluoropolymers at column 4, lines 10+. Here is disclosed that the perfluoropropylene monomer in amounts as low as 15%. This would leave 85% as the amount of

vinylidene fluoride monomeric component. As such, the claims are rendered prima facie obvious.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
